FACELIFT WITH MASTERS II

www.CAMPUSCHAMPSELYSEES.com

WELCOME

Dear Colleague and Friends,

On behalf of Campus Champs Élysées, it gives me pleasure to welcome you to our workshop FACELIFT WITH MASTERS II this January 17th-19th, 2018. This workshop is brought to you by Dr. Michael Atlan, Dr. Jean-Claude Dardour, and Tracy Sayag Director of Clinique des Champs Elysees.

The aim of this workshop is for plastics surgeons from all over the world to advance their practice, gain specialized training and practical experience in different techniques from the Masters of face lifting. The workshop consists of live surgeries, educational courses, and cadaver labs all with the opportunity to strengthen your practice.

The Campus partners with Clinique des Champs Elysées and highly experienced surgeons to share their vast knowledge as trained professionals in the art of Face lifting. The procedures, techniques, and principles learned during this program will be performed in an environment entirely dedicated to aesthetic medicine and surgery.

We look forward to welcoming at our FACELIFT WITH MASTERS II live surgery workshop.

With kind regards,
Tracy Sayag
CCE President Director of Clinique des Champs Elysées

✉ tracy.sayag@campuschampselysees.com

Our masters at Campus Champs Elysées are experienced surgeons. They are specialists who guide in sharing their knowledge and technique.
