CAMPUS CHAMPS-ÉLYSÉES

28.29.30 May 2019

Our Speakers

Specialized training by

Phillipe Levan, MD

Gilbert Zakine, MD PhD

who have a great amount of knowledge and training in lipofilling and prosthesis implantation used in buttock augmentation surgery

The Campus Champs-Elysées & Michael Atlan, MD, PhD

present their three day workshop focusing on lipofilling and prosthesis techniques in buttck augmentation that give patients the sought after, refined touch that is glamorous, discreet, and natural.

TECHNIQUE

Areas to lipoaspirate
Areas to inject
Intramuscular Technique

ANATOMY

The Gluteus Maximus
Anatomical Reference Points
Complications that can occur

TIPS, TRICKS, SECRETS

Fat Preparation
Bodyjet
How to lipoaspirate and treat fat
Avoid
The Danger Zones

3-DAY

Live Surgery **Workshop**

TUESDAY

Educational Course

WEDNESDAY

Cadaver Lab

THURSDAY

Live Surgeries

Buttock Lipofilling & Prosthesis Masterclass II PARIS, FRANCE

Tuesday
May
28th

Focus on technical aspects of the procedures
patient selection, reducing complications, improve scaring, and refining results

INTRODUCTION & OPEN SPEECHES

10:00 - 10:30

Moderators:
Gilbert Zakine MD, PhD & Philippe Levan MD
Introductions & Workshop overview

Gilbert Zakine MD, PhD

Specializing in buttock augmentation using lipofilling
A growing procedure (ISAPS the internationalization of buttocks beauty criteria)

Philippe Levan, MD

Specializing in buttock augmentation using prosthesis

TECHNIQUE

10:30 - 11:30

Gilbert Zakine MD, PhD

Basis, Procedure - Areas to liposapirarte, areas to inject

ANATOMY

11:00 - 11:30

Matthieu Stefanelli, MD, MBA

Clinical anatomy of the gluteus maximus

11:30 - 12:00

Gilbert Zakine MD, PhD

Zones that are dangerous

What to do VS What not to do - Complications that can occur

13:00 - 13:30

Philippe Levan MD

Principles of placing an implant

Anatomical reference points for placing the implants; Pre-op planning
How to securely place buttock implants with my personal intramuscular technique

Implant Choices & Nature of the implant

- how to choose the right size and volume

TIPS, TRICKS, SECRETS

13:30 - 15:00

Gilbert Zakine MD, PhD

Bodyjet : how to liposapirarte and treat the fat ?

- Several type of material

The several type of fat preparation

- decantating, washing, filtration calibration, centrifugation

Safety in liposuction (PRS publication, dangerous zone, how to be safe)

Safety in LipoFilling : ASAPS suggestions, my recommandations

15:00 - 16:30

Philippe Levan MD

Avoid: the danger zones (sciatic nerve, vessels)

Incision repair

Post-op management

Discussion and argumentation between teachers

Wednesday
May
29th

Surgical Indications
what techniques for what patients, why I failed, my technical errors explained by each trainer

BUS DEPARTURE TO UNIVERSITE PARIS DESCARTES

8:30 - 9:00

Meet on the 3rd floor of the Clinic

SURGICAL TECHNIQUES

9:00 - 13:00

Dr. Zakine:

Table 1-2

Dr. Levan:

Table 3-4

Dr. Atlan/Dr. Stefanelli:

Table 5-6

SURGICAL INDICATION (Clinique des Champ Elysées)

Gilbert Zakine MD, PhD & Philippe Levan MD

What techniques for what patients?

Why I Failed?

My technical errors by each trainer?

Difficult zone :

-lipoaspiration of Trochanter and Hip : to do or not to do ?

Volume to reinject : Case with not enough, case with too much.

How to do overcorrection but not an excessive correction ?

LIVE SURGERY 1

14:00 - 15:30

Philippe Levan MD, Gilbert Zakine MD, PhD

Mixed technique: medium implant with lipofilling for a more natural look

ANALYSIS OF SURGICAL CASE FOR TOMORROW with Trainee

15:30 - 16:00

a patient with small buttocks

a patient with big buttocks

Thursday
May
30th

Observation of an actualy live surgery
dynamic experience given by expert surgeons to share their knowledge and skills

LIVE SURGERY 2

9:00 - 10:30

Philippe Levan MD

Sebbin Biconvexe Buttock Implant

Q & A SESSION

10:30 - 11:00

LIVE SURGERY 3

11:00 - 12:30

Gilbert Zakine MD, PhD

Lipofilling using Bodyjet

Q & A SESSION

12:30 - 13:00

Your Difficult cases

14:00 - 14:30

Each attendee may bring their difficult cases on a USB key to discuss with your colleagues and the Masters

Q & A SESSION

14:30 - 15:00

CERTIFICATE PRESENTATION/AFTER PARTY

15:00 - 15:30

Certificate of completion presented by:

Tracy Sayag, President of Campus Champs Elysées,

Michel Cohen, MD, President of Clinique des Champs Elysées

Michael Atlan, MD PhD, and our Masters Gilbert Zakine, MD, PhD & Philippe Levan, MD.

Join us and your fellow colleagues for a glass of Champagne to celebrate

** this agenda is subject to change*

What Will You Achieve?

- ✓ Perform buttock lipofilling and prosthesis surgeries with greater precision and less risk.
- ✓ Master anatomical gluteal regions to avoid complications.
- ✓ Propose a broader choice of implants with better advice in volume choice and a safer surgical procedure.
- ✓ Use appropriate medical devices for gluteal augmentation.

Technique Advantages

- ✓ Obtain the same results with simple follow-up and faster recovery time.
- ✓ Learn safety in lipofilling and liposuction and the zones that are dangerous.
- ✓ Learn several types of fat preparation and using leading-edge technology.
- ✓ Simple pre-op marking and reference points for buttock implants
- ✓ Techniques on procedure and avoiding complications in buttock implants

- > Course In English
- > Includes: Course Materials & Program
- > Breakfast, Lunch, & Coffee Breaks

- Clinical Results
- ✓ Improved recovery, less pain, and lower rate of complications
 - ✓ Mixed technique with implant and lipofilling for a more natural look
 - ✓ Highest aesthetic quality results
 - ✓ Guarantee of desired augmentation volume
